Subject: Re: Participants-5/16 IPSC call 

Greetings Catherine. Four members of the SPRD staff sat in on the call, myself included. They were:

Steve Acree (580-436-8609), Hydrogeologist

Dr. Ralph Ludwig (580-436-8603), Environmental Scientist

Dr. Steve Schmelling (580-436-8540), Director of Research

Keep up the good work!

Subject: Participants-5/16 IPSC call

Dear Bill, Randall, Debra, Stan, Julie, Kenneth, and Debi,

Thank you for participating on today's IPSC call. In order to help me with a summary write-up of the call, can you please respond to this message and let me know who from your office participated. I caught some, but not all, of the names at the beginning of the call (see my list below). By the end of the call, I had heard so much information, I couldn't recall my own name.

Your assistance is appreciated! Please let me know if you have any questions.

Thanks,

Catherine McCracken
